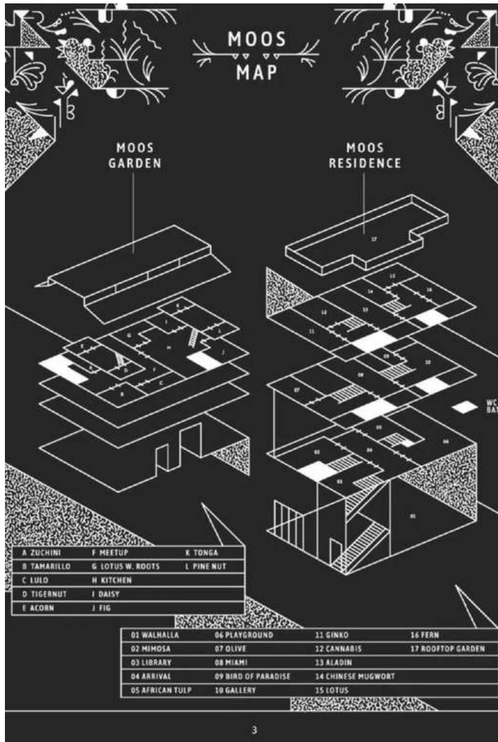
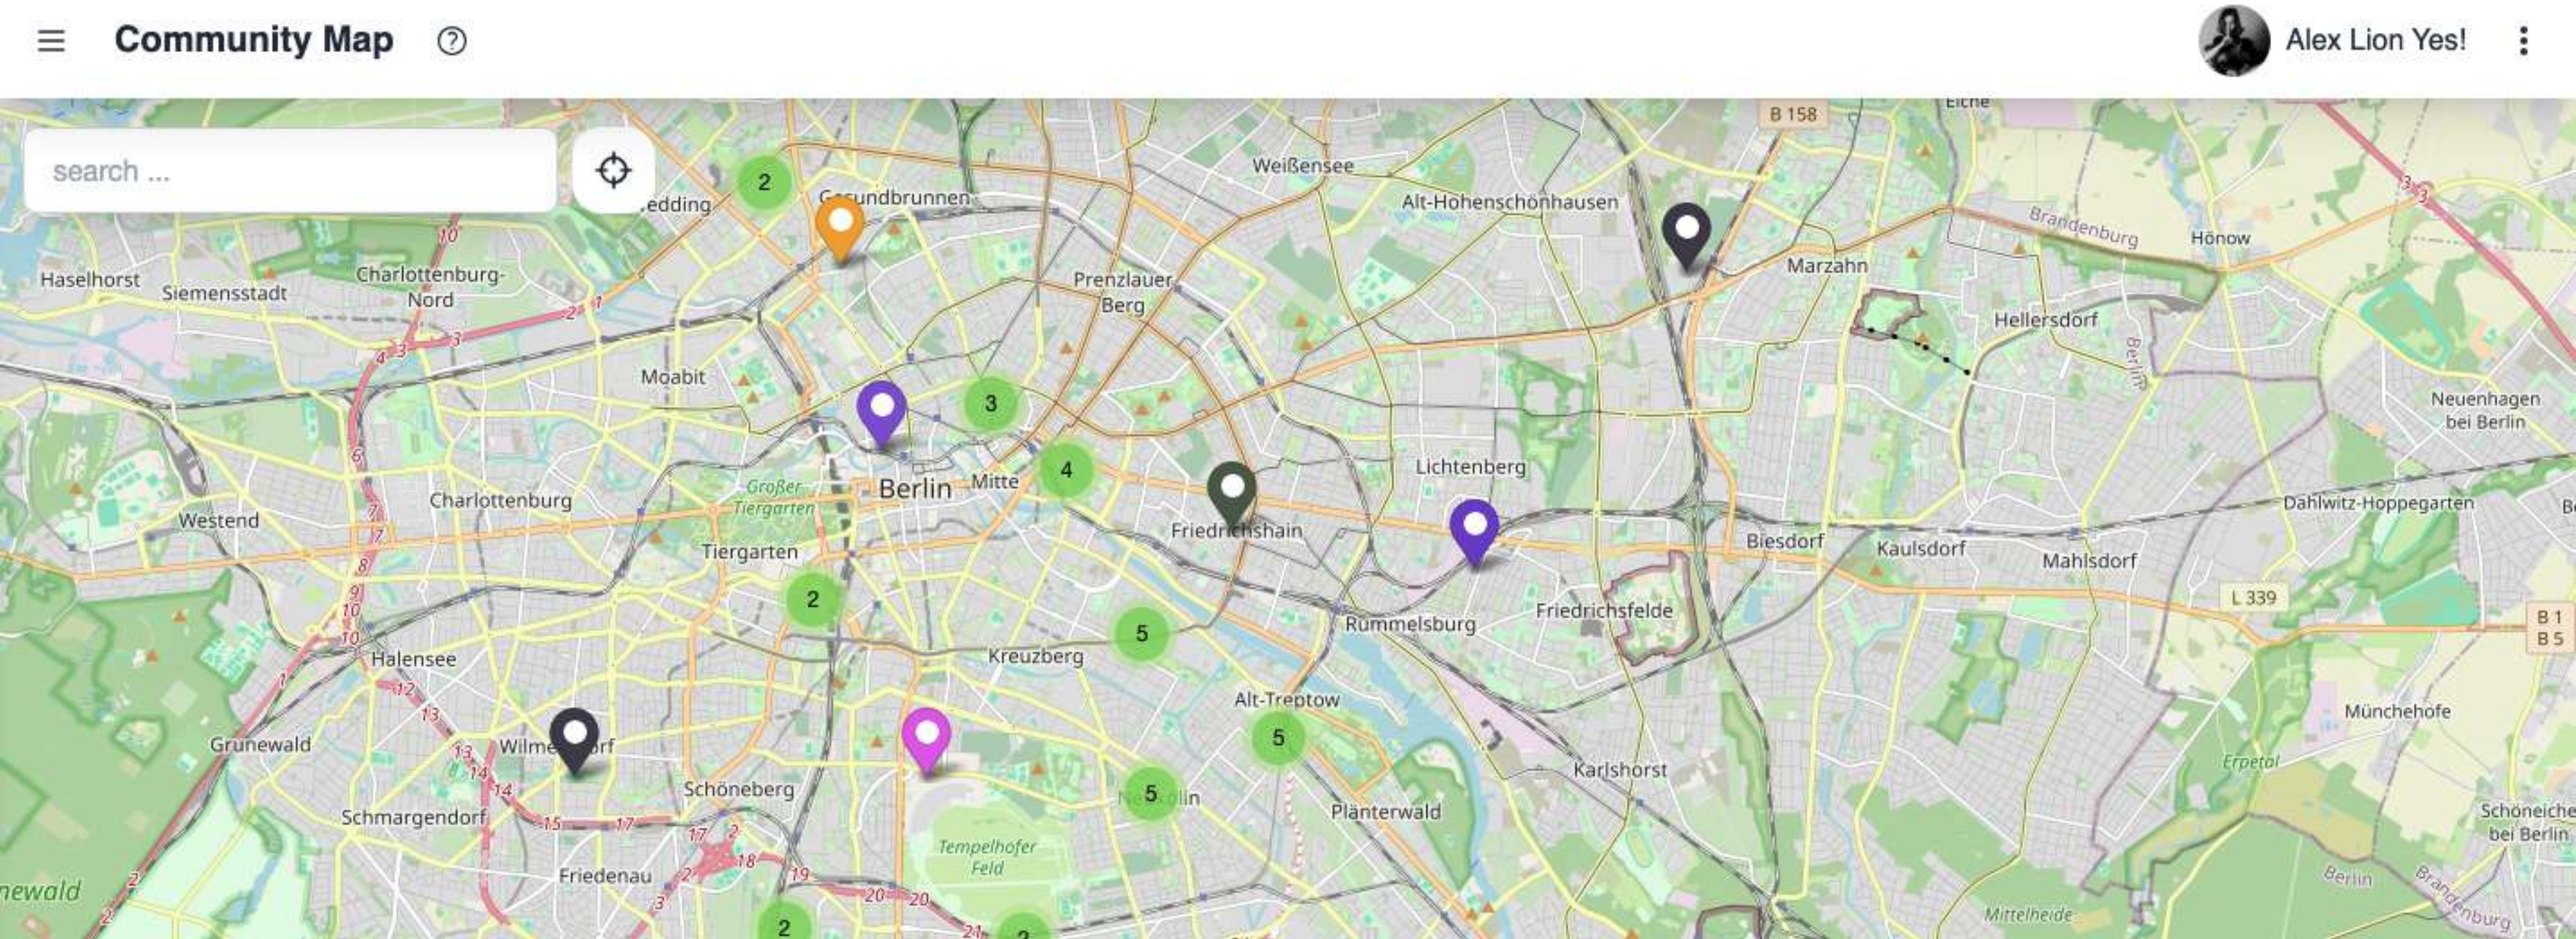
Berlin Mapathon
7-day Mapping Challenge

MOOS & Experience Grants

Berlin Mapathon is a 🌟 7-day Mapping Challenge 🌟 focusing on community, commons, post-growth, regeneration, and circular economy.



It’s connected to another project, design within the environment of Moos called 🗺️ Community Map



By organising a 7 Day-Mapping Challenge we want to...

... Make new Moos Friends! 🥳 Let’s onboard new projects from the area of Berlin on the Community Map eg.

- Co-Working & Co-Living Spaces 💻
- Social & Regenerative Startups 💡
- NGOs 🌐
- Communities 👥
- Urban Gardening 🌿
- Culture & Art 🎭

By organising a 7 Day-Mapping Challenge we want to...

... deploy a memorable, fun, creative, educative experience for participants, largely being Moos Community & Friends:

- Regenerative & activist organisations 🌍
- Healing practices & natural food 🥑
- Small businesses 🚲
- Creatives 🖥️
- Web 3 projects 🕸️

There are three parts to Berlin Mapathon

THEORETICAL

presentations
& workshops

PRACTICAL

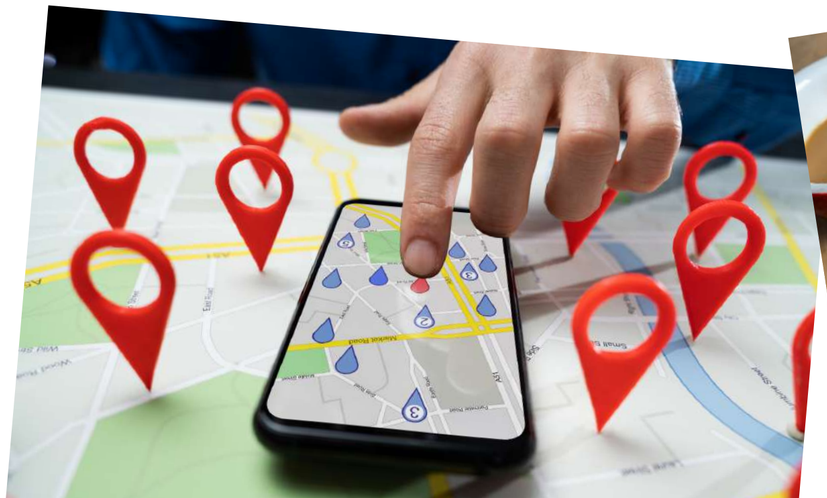
field game with
daily recups

TECHNICAL

Community Map
improvements

✍️ THEORETICAL PART: presentations & workshops

- Different fields and aspects of mapping, tooling
- Best practices of geographic and thematic mapping
- Workshops on team-play and creative cocreation
- Talks about self-organisation



🦜 PRACTICAL PART: field game with daily recups

- **Gamification!** Team up and compete with other teams to win prizes
- Explore the city during the most lovely season - spring!
- Get in contact with Berlin’s best impact projects and people to onboard them into our growing ecosystem

👨‍💻 TECHNICAL PART: Community Map Improvements

- Development and enhancement of our tools and data structures, with a special focus on open data and data interoperability
- Testing of tokenomics and gamification

"THE ABILITY TO SELF-ORGANISE IS THE STRONGEST FORM OF SYSTEM RESILIENCE."
